

Community Outreach & Partnership Workshop

February 25th, 2011

9:30 a.m. to 3:00 p.m.

Rolling Meadows Public Library

3110 Martin Lane, Rolling Meadows, IL 60008

Sometimes serving your community means stepping outside the box to reach new people, partnering with area schools and organizations, and trying new things. Librarians from around the region are succeeding at different outreach projects that may benefit your patrons, too. If you are eager to find ways to connect with your community, come to the LACONI workshop on Community Outreach and Partnership in Youth Services. There, you will learn from librarians who have been there and done that. You will hear about innovative and replicable programs that could work for you. You will also get the opportunity to network and brainstorm with staff from libraries of all shapes and sizes to come up with a plan for your community.
